60V^{MAX}
FLEX-FORCE
POWER SYSTEM[™]

FEAR NO STORM

†Based on average TraQline dollar share for snow blower market from 2013 – December 2022

60V MAX[®] FLEX-FORCE[®] SNOW BLOWERS

FEAR NO STORM

Toro's battery powered snow blowers and cordless power shovels are all the machine you need to take winter by storm. These powerful snow removal tools blast through thick, crusty drifts or heavy, wet snow. Pair a snow blower with a Power Shovel and easily interchange the 60V Max battery between the two. Each comes with a 3-phase brushless motor, giving you more power, more runtime, and longer life from your tool.

POWER SHOVEL[®]

Easy to maneuver, convenient, and cordless snow clearing. Two speeds provide more power when you want it, and more control when you need it.

POWER CLEAR[®] SINGLE-STAGE SNOW BLOWERS

Power Curve Technology cuts through tough snow and ice with ease, delivering a self-propelled experience with it's ground engaging paddle. Throws wet, heavy snow up to 30 feet.**

POWER MAX[®] TWO-STAGE SNOW BLOWERS

Three battery slots where the gas tank used to be! Same rugged heavy-duty steel construction as Toro gas-powered snow blowers with operator-favorite features such as Quick Stick[®] chute control, patented anti-clogging system, and hardened gears with no shear pins to break.
